

Dunwich Museum Education Resources - Beach Detectives

Please adapt these resources to best suit the needs of your class. We will be happy to lead this session, provide assistance, or provide the resources for you to run the activity yourself.

Activity	Theme	Description	Time	Resources
Beach Detectives	Coastal Habitat and processes	A scavenger hunt in small groups to spot and carefully collect natural and manmade items typically found on Dunwich Beach. Collecting the items is optional - the museum can provide examples necessary for the subsequent sorting activity instead.	10-15	Buckets, Museum spotter sheets.

Dunwich Museum Education Resources - Beach Detectives

Look closely on the beach for these objects. Tick them off as you go, and carefully pick them up and place them in your bucket.
